

SERVICE LINE INSPECTION REQUIREMENT

As the Owner of the property identified below, I acknowledge that I have been informed by Providence Water that the service line, or lines, that I install or have my contractor install through my property, running from the end of the Providence Water installed service pipe to the meter/backflow assembly, must be inspected by representatives from the Providence Water Engineering Department in an open-trench condition prior to any backfilling of the water line(s). I understand that it is my responsibility to contact Providence Water, providing 48-hours advance notice, to schedule this inspection.

The Hon. Jorge O. Elorza
Mayor

Ricky Caruolo
General Manager

BOARD OF DIRECTORS

Lawrence J. Mancini
Ex-Officio

Cristen L. Raucci, Esq.
Member

Kerri Lynn Thurber
Member

Carissa R. Richard
Secretary

William E. O'Gara, Esq.
Legal Advisor

Property Address/Location

The inspection is to be scheduled by calling (401) 521-6300 ext. 7213 between the hours of 8:30 AM and 4:00 PM. Should a voice recording be encountered, press "0" to reach a receptionist to be connected to someone who can assist you. An appointment for an inspection will not be considered as confirmed based solely on a voice message being left.

I understand that Providence Water will not activate my water service or set a water meter at my property without this inspection having first been conducted to confirm that the service line through my property was properly installed.

I acknowledge and agree that, should the service line through my property be backfilled prior to the Providence Water Engineering Department having been able to conduct its inspection, I shall be required to fully re-excavate and expose the entire length of the water line for inspection.

~ IMPORTANT CONTRACTOR INFORMATION ~

***YOUR TRENCH MUST BE LEFT OPEN FOR INSPECTION OR
YOU WILL BE REQUIRED TO RE-EXCAVATE.***
